LIVE AD ACTIVITY

# Four Solar

Hyderabad · https://www.foursolar.com/ · Ad data pulled 2026-10-20

**WEBSITE AUDIT NOT RUN**

This report covers **live ad activity only**, read from the public Meta Ad Library on 2026-10-20. No website was fetched, so it contains **no audit score, no tracking/pixel findings, no page-speed data and no conversion checklist** - those numbers are only real once the full pipeline runs. The complete report for Four Solar is produced with:
python run_pipeline.py https://www.foursolar.com/ "Four Solar" --city Hyderabad

**Executive summary.** No active Meta ads were found for Four Solar Energy Systems (Ad Library probe 'Four Solar Hyderabad', 2026-10-20). Meanwhile five Hyderabad installers - Evergrid Energy (Library IDs 1642242114211409 and 1079793338257084), Solox Energies (2023601181805342), Truzon Solar (1522258176260844), Punarvi Energies (1122725223617884 and 994804120334409) and Twilight Solar (3823689667771361 and 28023952863910719) - are all live this month buying the same homeowner with Rs. 78,000-subsidy offers. Four Solar's 13-year track record is not in front of any paid traffic.

| LIVE ADS RUNNING | LONGEST-RUNNING AD | WHERE CLICKS LAND | SOURCE |

## Your live ads - Meta (Facebook / Instagram)

source: Meta Ad Library

No active Meta ads were found for this company. Competitors in your city are buying this attention instead - which is itself the finding worth acting on.

## Where your ad clicks land

the funnel behind the spend

| | |
|---|---|
| **Destination type** | Own website + chat/WhatsApp |
| **Destination** | Site contact form, live chat widget and WhatsApp |
| **What that means** | The conversion paths are decent - the form takes city and roof details, and there is a chat widget. The gap is that nothing paid drives into them, so every enquiry depends on someone already looking for you by name. |

## What I found

read live, not guessed

! No active Meta ads under your name - five Hyderabad installers (Evergrid, Solox, Truzon, Punarvi, Twilight) are live this month buying the same homeowner with the same Rs. 78,000-subsidy message.

- ! The site claims 13+ years, 50 MW+ delivered and 1500+ satisfied clients, with 15+ gated communities powered, a 1521-government-schools Telangana order and a 160 kW Corporate Bhavan (Ministry of Corporate Affairs) job. That proof exists - it is just not in front of paid traffic.
- ! TGREDCO-empanelled (TSRE180027) with PM Surya Ghar and PM-KUSUM experience - credentials that convert homeowners who have already seen three competitor ads.
- ! The site itself is in good shape: a multi-city quote form (Hyderabad, Secunderabad, Ranga Reddy, Medchal-Malkajgiri), a live chat widget, a WhatsApp button and a detailed residential page covering approvals, roof types and monitoring. Good raw material that no paid traffic ever sees.
- ! Everything on the site is in English. In this market the strongest competitor creatives run in Telugu to the same homeowner - and your head office is here.

## Recommended next steps

what I would do first

| | |
|---|---|
| 1 | **Test paid lead gen in Hyderabad**<br>Start with a small Meta budget on one residential offer - subsidy up to Rs. 78,000, free site visit. Your five competitors are already proving the demand exists in this city. |
| 2 | **Build a dedicated residential landing page**<br>The residential page exists - turn it into one paid landing page: subsidy, gated-community track record, free site visit, quote form on it. |
| 3 | **Run Telugu creative**<br>Test a Telugu version of the offer against English. Telugu is the language of the Telangana homeowner, and your competitors are already spending there. |
| 4 | **Put the government work to work**<br>The 1521-schools order and the Corporate Bhavan job are strong proof for a trust-led paid campaign - most local installers cannot show that. |

## Verified contact details

read from the live site / ad
