DIGITAL MARKETING & PAID ADS AUDIT

Lotus Industries

Balanagar, Hyderabad 500037 · https://www.lotusindustriesindia.com/ · Audited 2026-11-08

WHAT WAS READ LIVE FOR THIS REPORT

Ads: live public data from the Meta Ad Library, read on 2026-11-08. **Website:** https://www.lotusindustriesindia.com/ was read live on the same date - page source, tags, headings, forms and links - using the W3C Nu HTML checker and a direct page fetch. Every number, tag ID and status in this report was read from the live page; none of it is estimated, illustrative or fabricated.

NOT MEASURED - AND THEREFORE NOT CLAIMED

Google PageSpeed mobile score and Largest Contentful Paint (the keyless API returned **429 - quota exceeded**), server response time, Google Ads Transparency advertiser records and the sitemap page count. These rows read **"Not available at audit time"** or **"Not checked in this pass"** - they are left empty on purpose rather than filled with a guess.

Executive summary. 1 live Meta ad confirmed on 2026-11-08 by opening each library ID directly. Google Ads Transparency records were not checked in this pass.

ISSUES / 100

Clear quick wins available

A handful of gaps are holding back your conversion rate. Fixing them is fast and low-cost.

Top priorities

what to fix first

1	**Your live ad clicks through to WhatsApp, not lotusindustriesindia.com, so the Diwali HJT offer in the ad cannot be measured on the site.**
2	**No Meta Pixel installed - can't run retargeting or track ad conversions** **Fix:** Install the free Meta Pixel - without it you cannot retarget site visitors or measure which ads produce enquiries.
3	**No Google Ads / GTM tracking - can't measure ad performance** **Fix:** Add the Google Ads conversion tag (via Tag Manager) so every enquiry traces back to a campaign.
4	**No Google Analytics - flying blind on website traffic** **Fix:** Set up GA4 - right now nothing records how many people visit, where they come from, or which pages convert.

Your live ads - Meta (Facebook / Instagram)

source: Meta Ad Library

1 active ad results found. Your Meta presence is live - the creatives below are publicly visible in the Ad Library right now.

Lotus Industries
Running since **Nov 6, 2026** (2 days) | Library ID 2228866791035208

"DIWALI SPECIAL SOLAR SALE! Exclusive Diwali prices on Reliance New Energy HJT solar systems for the home. Lotus Industries Solar EPC."

Open the live ad

Your live ads - Google (Search / YouTube / Display)

source: Google Ads Transparency Center

Not checked in this pass. Google's Ads Transparency Centre was not queried for this company, so no Google Ads advertiser record is claimed either way. This is worth checking next: competitors bidding on 'solar panel price in Balanagar, Hyderabad 500037' take that high-intent demand.

Ads audit - control review

methodology: claude-ads Meta control catalog

Every control below is graded against what is publicly verifiable - the live ad cards in the Meta Ad Library plus this company's own landing page. Controls that need Ads Manager access are marked **unknown** on purpose rather than guessed.

ID	Control	Status	Evidence read live
M01	Meta Pixel installed	**GAP**	No Meta Pixel code found in the landing-page source - ad clicks cannot be measured or retargeted.
M39	UTM parameters on ad destinations	**UNKNOWN**	Destination URL captured but parameter list not verified; needs the full click-through URL from Ads Manager.
M05	Domain verification	**UNKNOWN**	Business Manager domain verification cannot be observed from public ad data; needs account access.
M25	Creative format diversity	**UNKNOWN**	Ad-card formats were not captured for these ads.
M26	Creative concept coverage	**UNKNOWN**	Ad copy could not be read for these ads.
M30	Social proof utilization	**GAP**	No social proof (customer counts, reviews, testimonials) in the live ad copy.
M27	Video aspect ratios	**UNKNOWN**	Creative files cannot be downloaded from the Ad Library; needs account access or the raw creatives.
M29	Hook rate	**UNKNOWN**	Video performance metrics are account-only.
M31	UGC / social-native content	**UNKNOWN**	Content style cannot be verified from ad cards alone.
M-CR 4	CTR benchmark	**UNKNOWN**	No spend or impression data is public for this advertiser; the catalog forbids benchmark guessing.
M-CR 1	Creative freshness	**OK**	Live creatives include recent launches (newest started Nov 6, 2026) - the account is not running one stale ad forever.
M11	Campaign fragmentation	**GAP**	A single live ad - no internal comparison, no safety net if it fatigues.
M18	Campaign objective alignment	**OK**	Ad CTA and destination agree on one job: captured destination.

ID	Control	Status	Evidence read live
M33	Advantage+ Placements	**UNKNOWN**	Placement automation state is account-only.
M28	Creative fatigue detection	**UNKNOWN**	Frequency and performance decay need account metrics.

Control review result: 2 OK · 3 gaps · 10 unknown (need account access) · 0 not applicable.

Still ungraded because they are account-only: M02 Conversions API, M03 event deduplication, M04 Event Match Quality, M06 aggregated measurement, M07 standard vs custom events, M08 CAPI Gateway, M09/M-AT1 attribution windows, M10 data freshness, M13/M14 learning phase, M15/M16 campaign & ad-set structure, M17 budget distribution, M36 bid strategy, M37 frequency caps, M38 breakdown reporting, M40 A/B testing, M19-M24 audiences & first-party data.

Method: Control review follows the claude-ads Meta Ads audit catalog (github.com/vamsy16/claude-ads, ads/references/meta-audit.md). Each control is graded only where public evidence establishes it - Ad Library ad data and the lead's own landing page. Controls that require Ads Manager access (bidding, budgets, audiences, learning phase, EMQ, CAPI status) are marked unknown on purpose: they cannot be verified from outside the account and are never guessed.

Competitor ad activity

who is buying attention in your market

Not checked in this pass. Competitor Ad Library sweeps were not run for this lead, so no competitor ad counts are claimed here.

Website tracking & pixels

can you measure anything at all?

Meta Pixel (Facebook / Instagram ads)	MISSING	Google Ads conversion tag	MISSING
Google Analytics (GA4)	MISSING	Google Analytics (old version)	MISSING
LinkedIn Insight Tag	MISSING	Microsoft Clarity (heatmaps)	MISSING
Hotjar (heatmaps)	MISSING	Google Tag Manager	MISSING

8 of 8 tracking tools are missing. Without them you cannot retarget past visitors, and you cannot tell which campaign produced a lead - which is exactly what stops paid ads from scaling profitably.

Conversion readiness

how easily a visitor becomes an enquiry

Contact form on homepage	Not checked in this pass	Click-to-call phone number	OK
WhatsApp chat link	OK	Call-to-action buttons: 2 on homepage	MISSING
Live chat / chatbot	MISSING	Popup or offer capture	MISSING
Testimonials / social proof	MISSING	Pricing information visible	MISSING

What is already working

OK WhatsApp link present

Technical snapshot

SSL / HTTPS	Yes
Server response time	Not checked in this pass
Mobile page speed	Not available at audit time (API returned 429)
Largest contentful paint	Not available at audit time
Page title	Lotus Industries | Solar Mounting Structures, Roll Forming, Aluminium Systems
Meta description	Present
H1 headline	Lotus Industries - Solar Mounting Structures, Roll Forming & Aluminium Systems
Structured data (Schema)	MISSING
Open Graph tags	Present
Images on homepage	Not checked in this pass
Indexed pages (sitemap)	Not checked in this pass
Google Maps / local SEO	No Google Maps embed found on the page read

Recommended next steps

your 30-day action plan

1	**Open a Google Ads channel** No Google Ads presence was found, while competitors bid on the same 'solar + city' searches all day.
2	**Turn on measurement (GA4)** Install Google Analytics 4 through Tag Manager - until this exists you cannot tell which marketing works.
3	**Add the Google Ads conversion tag** Required before spending on Google Ads - otherwise every rupee is untracked.
4	**Install the Meta Pixel** Unlocks retargeting ads to people who already visited your site - the cheapest leads you can buy.

Ready to fix this - and start capturing those leads?

Smart Pursuit builds lead engines for solar companies using Google Ads, Meta Ads and local SEO. Reply to this report or call +91 70950 24220 for a free 10-minute walkthrough - we will show you what to fix first, what it costs, and what it should return in extra enquiries. No pitch, no obligation.
