DIGITAL MARKETING & PAID ADS AUDIT

Orizen Solar Innovations

Hyderabad · https://www.orizensolar.com/ · Audited 2026-10-21

Executive summary. Orizen Solar Innovations is running a live Telugu Meta ad (Library ID 3529873930505195, started 18 September 2026, multiple versions) with a Dussehra & Deepavali offer - Rs.78,000 subsidy, 3KW with Rs.10,000 off, 5KW with Rs.20,000 off - and every click goes to WhatsApp, so the website never sees the paid traffic. The site is the only one of the three audited sites with the Meta Pixel installed (ID 1655381782019850) and it is the only one with a Google Ads presence (1 ad via the Transparency Center) - but the pixel fires PageView only, never a Lead event, and there is no GA4 or GTM behind it. SEO is weak where it is easiest to fix: no Open Graph tags, no structured data, no sitemap, two competing H1 tags, and a hero carousel whose H1s are commented out of the code. Template leftovers are still live on the page - 'At Your Solar Partner' in the PM Surya Ghar blurb, a mailto:example@example.com email icon and a 'Features of Origin Solar Panels' heading for a company called Orizen.

Solid foundation

Your homepage is in good shape. The remaining gaps are small but costly - close them before scaling ad spend.

Top priorities

what to fix first

1. **No Google Ads / GTM tracking - can't measure ad performance**
   Fix: Add the Google Ads conversion tag (via Tag Manager) so every enquiry traces back to a campaign.
2. **No Google Analytics - flying blind on website traffic**
   Fix: Set up GA4 - right now nothing records how many people visit, where they come from, or which pages convert.
3. **No live chat - missing after-hours leads**
   Fix: Add a free chat widget (Tawk.to) so after-hours visitors still become leads.
4. **Multiple H1 tags (2) - confuses Google**
   Fix: Add exactly one H1 headline containing your main keyword.

Recommended next steps

your 30-day action plan

1	**Turn on measurement (GA4)** Install Google Analytics 4 through Tag Manager - until this exists you cannot tell which marketing works.
2	**Add the Google Ads conversion tag** Required before spending on Google Ads - otherwise every rupee is untracked.
3	**Capture after-hours enquiries** Add a chat widget or callback prompt - a share of solar research happens late at night.
4	**Fix 1 images missing alt text** A one-hour fix that improves Google rankings and image-search traffic.
